Stop the U.S./Israeli War on Iran! Throw your shoes at the warmongers!

In conjunction with national demonstrations against Trump and Netanyahu's illegal war on Iran, the HCSW invites everyone to join our family-friendly protest by the fountain in Gore Park, this Saturday, June 28th.

As a special treat and to make a political point in a creative way, we will invite all participants to join in a shoe-throwing contest at images of Donald Trump, Benjamin Netanyahu, and Mark Carney. The first two are directly responsible for the crime of illegal aggression under international law - not only against the people of Gaza and Palestine, but also of Lebanon and Syria, and now of Iran. The latter (Carney) has enabled the attack on Iran by supporting Israel's alleged "right of self-defence."

Throwing shoes is a time-honoured means by which common people have expressed their disgust at the behaviours of their mis-leaders. On **Saturday**, we will continue this ancient and honourable tradition. Suggested entry fee: a toonie for two throws.
